The following are the instructions (the "<u>Instructions</u>") for participating in the nonpresential Extraordinary General Shareholders' Meeting ("the <u>Meeting</u>") of Interconexión Eléctrica S.A. E.S.P. (the "<u>Company</u>").

General affairs

a. Meeting type.

The Extraordinary Meeting of the Company shall be held in a non-presential manner in accordance with the provisions of Article 19 of Law 222 of 1995, Decree 398 of 2020 and Decree 176 of 2021.

We invite shareholders to take measures to ensure that they have the necessary means to participate in the meeting, for example, the proper functioning of their internet connection (Article 3 Decree 176 of 2021).

b. Way of accessing the meeting.

For this purpose, as indicated in the call for the meeting, access to a virtual room will be made available through a link in a banner on the home page of our website <u>www.isa.co</u>.

c. Registration process required to participate in the meeting

In order to access the virtual room, verify their identity, make their interventions, and exercise their right to vote, shareholders must complete a **registration** process, the instructions for which are contained in Chapter I of this document.

d. Deadline for registration.

The registration will be enabled from Friday, July 14 at 8:00 a.m., Colombia time, until Friday, July 21, 2023, at 5:00 p.m., Colombia time.

CONEXIONES QUE INSPIRAN

- Pursuant to Article 19 of Law 222 of 1995, the meeting will be recorded, for which purpose the shareholders must grant authorization for the processing of their personal data at the time of registration (the system will provide the option to grant such authorization). In addition, since it is a news event, the Company may capture directly or through third parties, images and videos that could be disclosed through any media.
- Once the participant enters his or her data, we will request authorization to use his or her personal data in order to manage his or her registration to the meeting, grant access to the platform, count the votes, record the meeting and in general carry out the necessary steps in order to ensure the proper course of the General Shareholders' Meeting, in consideration of the applicable regulations in force. This authorization will include the possibility for the Company to communicate your personal data in a secure and confidential manner to third parties in charge, for example, to the suppliers that will support the holding of the meeting, including the provider of the virtual platform. Such authorization is a prerequisite for the Company to collect your data and allow your participation in the meeting.

g. Interventions.

Shareholders have the right to request, no less than five (5) business days prior to the General Shareholders' Meeting, the information, or clarifications they deem pertinent, through traditional channels and/or, when appropriate, new technologies, or to submit in writing the questions they deem necessary in connection with the matters included in the agenda of the General Shareholders' Meeting. Information will be denied when it can be qualified as unreasonable, irrelevant, confidential or when its disclosure would jeopardize the competitiveness of the Company. Likewise, when the response provided to a shareholder may put him/her at an advantage over the others, the Company guarantees access to such response to the other shareholders.

h. Agenda of the Meeting.

The Board of Directors and the administrators shall refrain from submitting to the consideration of the General Shareholders' Meeting any item that has not been included in the agenda published in the call notice.

i. Granting proxies.

Shareholders who are unable to attend the meeting in person may be represented by written proxy, in accordance with the instructions in <u>Chapter I</u> of this document.

j. Verification of identity of the shareholders

The identity of the attendees will be verified in the following manner:

- By validating the data provided by the shareholders when registering for the meeting and the information contained in the shareholders' register and the documents sent in the case of proxies or legal representatives.
- Through the validation of the identity of the shareholders or their proxies at the time
 of entering the virtual platform by entering the personal and non-transferable access
 code provided to them.
