What's New in the Business Growth and Development Office

Interconexión Eléctrica S.A. E.S.P. (ISA) reports that Sebastián Castañeda Arbeláez, who had been serving as Chief Business Growth and Development Officer within the framework of the talent mobility program between ISA and its parent company Ecopetrol, was at the head of this office until today, May 2, 2025.

We would like to thank Mr. Castañeda, who during his tenure led the regional expansion strategy, being awarded projects worth more than USD 3.5 billion in the transmission, roads, and new energy business sectors in Brazil, Peru, Chile, Panama, and Colombia. Also, during his time at ISA, he served as acting Chief Road Concessions Officer for a year and a half.

Mr. Castañeda stood out for his talent for getting teams to achieve awesome results, pushing for innovation and operational excellence.

In this regard, during the selection process, Jaime Enrique Falquez Ortega, current CFO, will remain in charge.

We wish Mr. Falquez many successes in this new role, and reiterate our gratitude to Mr. Castañeda and wish him good luck in his new endeavors.
